

Let's get started.

Usage and product information.

A note from our founders.

We're so glad you've decided to take this healthy path to wellness. We've experienced firsthand how well CBD works and believe that anyone impacted by occasional anxiety, aches and pains, or sleeplessness can live a better life with it.

We created Feals to give people a better way to feel better without any high, hangover, or addiction. Our approach is simple: Quality product, quality people, and quality care.

To your health,
Eric, Drew, and Alex

How to use The Flight.

Three vials, three strengths. Now what?

The Basics

IT'S A TINCTURE

Our CBD oil is meant to be ingested. We recommend pouring the entire vial under your tongue and waiting 30 seconds before swallowing.

NOTE THE DOSAGE

Generally speaking, CBD has a calming effect, but lower dosages may help provide clarity and focus, while higher dosages tend to sedate.

What are you taking CBD for?

CLARITY, CALM, FOCUS	ACHES & PAINS	SLEEP
		
		
		

When is the best time to take it?

TAKE IN THE AM

If you're looking for mental clarity or to feel alert and productive during the day...start with the 40 MG.

TAKE IN THE PM

If you're seeking relief from aches and pains, or looking for a better night's sleep... start with the 80 MG.

Anatomy of the vial

Yes, you can reseal it (!)

The lot number corresponds to lab results specific to this batch of Feals.

Feals is made up of two ingredients: an organic MCT oil + a full-spectrum hemp extract.

This refers to the total amount of CBD in the vial. In this case, it's 40 MG.

How to tell if it's working:

SEE HOW YOU FEEL

Because each of us has a unique endocannabinoid system, CBD affects everyone differently. Sometimes the effects are subtle, and you'll find it's easier to notice what you don't feel as opposed to what you do.

MAKE IT A HABIT

The Flight is designed as a sample, so you can determine the right dosage and strength. Once you find your match, taking CBD regularly as part of your routine will help you feel the full benefits.

Flight FAQ

WHY DOES FEALS TASTE/SMELL LIKE CANNABIS?

Terpenes are known for their therapeutic benefits and are a natural component found in all plants that give them their distinct flavor and aromatic qualities.

HOW LONG WILL IT TAKE TO FEEL THE EFFECTS?

The short answer is: it varies. Most people feel something within 30-45 minutes.

CAN I PUT IT IN/MIX IT WITH SOMETHING?

Totally! We've seen customers mix our oils in water, smoothies, or even in their morning coffee. Keep in mind, taking Feals by holding a few drops under your tongue for 30 seconds before swallowing is going to be the most effective.

A young man with dark hair and a wide smile is shown from the chest up, wearing a grey t-shirt. He is holding a small, white, square book in his right hand, presenting it towards the camera. The background is a solid, light blue color. The book's cover features the brand name 'feals.' in a small, orange, sans-serif font at the top left. Below it, the title 'The Flight.' is printed in a large, bold, black, serif font. At the bottom right of the cover, there is a small line of text: 'History Requirements' followed by two lines of smaller text that are difficult to read but appear to be 'Sally Greenwald' and '© 2014 feals, LLC'.
